Assets and Income Details

Entering residential aged care for the first time may require completion and lodgement of forms to determine your ability to contribute to the cost of care and accommodation. We have listed and explained these forms below.

1. Residential Aged Care Property details for Centrelink and DVA customers form (SA485)

If you receive a means tested income support payment (ie. age pension) and you DO own a home – you need to complete this form (SA485) which looks at key aspects of your property and incorporates the protected person questions (spouse, carer, relative). These details will be used to assess how much you need to pay for care in an aged care home.

2. Residential Aged Care Calculation of your cost of care form (SA457)

If you DO NOT receive a means tested income support payment (ie. age pension) – you DO need to complete this form (SA457) in full. This form will ask for you your income and asset details which will then be used to assess how much you need to pay for residential aged care.

These forms need to then be lodged at the Department of Human Services (Centrelink) or Department of Veteran Affairs. This assessment determines both the means tested care fee (if any) you will pay as well as whether you qualify for Government assistance towards your accommodation costs.

Please note that if you do not intend lodging a Residential Aged Care Calculation of your cost of care form (SA457) you will be liable for the maximum accommodation price and the maximum means tested care fee on admission regardless of your financial status. Completing this section of the application form will assist us with determining your financial status so that we can provide you with draft fees and costs and answer any queries or concerns you may have in relation to your aged care accommodation costs and ongoing fees.
