MEDIA RELEASE

Infinite Care Announces Strategic Relationship with SA Health

Infinite Care is excited to announce a strategic relationship with SA Health that will benefit the local community and ensure that hospital beds are available for acute requirements.

Infinite Care Klemzig has this week admitted its first residents under the Care Awaiting Placement (CAPS) program. CAPS will provide short term stays at the Klemzig home while SA Health patients are awaiting permanent residential care. While staying in the Klemzig home, all residents will participate in all community events and activities.

This strategic relationship with SA Health is unique in the local community and provides enhanced care delivery for those that are ageing or have compromised health concerns. The Klemzig CAPS program and will be utilised by SA Health for sub-acute older persons and provide welcome relief to SA Health who will have enhanced capacity for admissions to acute care beds.

The first patient admission at Klemzig occurred on Thursday, 13 June 2024. Infinite Care will continue to operate its residential aged care facility independently from the CAPS program.

Infinite Care's Chief Executive Officer, Luke Greive said, "We are excited to enhance our relationship with SA Health which will enable enhanced care for the elderly community in South Australia. Relationships of this nature only enhance the ability of Infinite Care to provide outstanding care to its residents. We aspire to be an employer of choice in the Adeliade community".

The relationship with SA Health provides yet another exciting step in the growth story and consolidation of Infinite Care as an established and local provider of care in South Australia. Infinite Care operate seventeen facilities across Queensland, South Australia and New South Wales with several more planned across Australia soon, including its new construction at Knox in Victoria.

To organise a tour of the Klemzig residential aged care facility, review our job opportunities or find out more information please visit www.infin8care.com.au or call 1800 463 468.
